

AMA Charter #3470  
February 10

### Club Information

**President:** Don Bourdon  
**Vice President:** Gary Pearson  
**Treasurer:** Seth Nagy  
**Secretary:** John Limbrunner  
**Safety Officer:** Chuck Byrd  
**Field Marshall:** Ron Miller  
**Assistant Field Marshall:** Tony Triplett  
**Intro Pilots:** Seth Nagy, Vic Welland,  
& William Bradshaw

### A Note From The President

The weather has not been very conducive for flying these past few weeks. The pylon race was canceled, rescheduled and canceled again. Only two brave hardy souls flew their planes last Saturday and I'll let you all guess who they were. Hope they get all the red dirt off their planes before the next race.

The field is in really sad shape, it's soggy, spongy, swampy and just about everything else you can think of to describe it. It will definitely need some TLC when the weather finally cooperates and turns more spring-like. This month's build program will address gliders, but unlike the Bugs Ear and Nutball, they take a little more effort to build so we will to satisfy ourselves with reviewing plans and build techniques. I'll bring a couple and if you all have a favorite glider plan bring it to the meeting and share. Hope to see you all at the meeting. --Don

Next Meeting:  
The next club meeting is  
Tuesday, February, 16 at the library.

### Meeting Agenda

- Welcome Everyone
- Approve Meeting Agenda
- New Member Applications
- Reports
  - Secretary/Treasurer Reports
  - Minutes
  - Financial
  - Membership
  - Safety Report
  - Field Report
  - Intro Pilot Report
- Old Business -- TAG Submission  
Flying event dates
- New Business -- TBD
- Announcements -- TBD
- Monthly Presentation -- Glider Builds
- Adjourn Business Session until Mar 16th at  
the Caldwell Library
- Auction & Show-N-Tell

## CAM Meeting Minutes December 15, 2009

Don Bourdon called the meeting to order at 7:12 PM.

The meeting's agenda was approved as submitted.

**New member applications** - None.

**Treasurer's report** - Seth Nagy stated that the 2010 dues are being collected at a pace similar to last year. 12 members so far have paid their 2010 dues. The club's current balance is \$413.50. One disbursement was made in the previous period of \$47.85 for the club's Internet domain name. Vic Welland inquired about the AMA charter payment. Seth reported that it is approximately \$65 and due around April.

**Safety report** - None.

**Field Report** - Those that have been flying in the cold, cold weather reported that the driveway is muddy and that the runway is in about the same condition as the fall.

**Intro Pilot Report** – Terrence Banner has been flying with Seth.

**Old Business:**

**Runway repair timeline** – after considerable discussion, it was the general consensus that the wet conditions at the club's flying field are not conducive for the delivery of the pond fines to be used to repair the ruts in the runway. It was agreed that we should wait until the field dries out before undertaking the runway repair. Don brought up the topic of an AMA article re using a chemical to reduce runway erosion due to heavy rain. This substance should be researched and considered for use at CAM's field. It was also mentioned that the possibility of coating the runway cover with driveway sealer should also be investigated. A workday was scheduled for 2/20.

### **New Business:**

The 2010 event schedule was discussed and determined. Pylon Race – 1/30, Fun Soar – May, Speed Rally – last weekend in June, E Fest – first weekend in October.

Don brought up the AMA Take Off and Grow program. The AMA will supply matching funds up to \$1,000 for an event. Don volunteered to prepare the proposal and submit it by 2/1. The project would be for approximately 10 boy scouts and other interested parties. It would cover the theory of flight and the RC modeling hobby to be held in late July or early August.

The project for next month will be a foam glider.

The meeting was adjourned at 8:04

### Editor's Note

This is my first attempt at creating the clubs newsletter. If you have any comments or suggestions to improve same please send them my way.

Have you paid your AMA and CAM dues yet? Stop reading right now and write the checks. It makes things much easier for both organizations when we take care of this early. Here is the CAM dues structure as set out in the October meeting and published in the November newsletter.

- \$50 Adult Membership
- \$25 Senior Membership
- \$10 Youth Membership
- \$20 Additional Family Member Membership

A portion of the dues will be used as "set aside" money for field improvements.

Be safe - John
