Secretary: *John Limbrunner*
Safety Officer: *Ron Miller*
Field Marshall: *Ron Miller*
Assistant Field Marshall: *Volunteer?*
Intro Pilots: *Seth Nagy, Vic Welland,
& Ron Miller*
Webmaster: *Chris Roberts*

A Note From The President

Prez notes:

Things are looking good this spring for our club. The next issue of Model Aviation will make mention of our Speed Rally in Bliss's column. We will be holding a workday at the field on the 19th to replace some of the work tables and other needed maintenance. Don will be hosting the Fun Soar, and all of us have the opportunity to participate and enjoy the activities.

Have you gone on the AMA website and submitted your comments to our local government authorities yet? If not please take the two minutes to do so. Many of the activities our club in particular enjoys run the risk of being restricted in ways that are unappealing. If you have questions or concerns about the subject matter please come to the meeting. It would be a great opportunity to discuss the issues; hopefully everyone would leave learning something.

How are we doing on any building projects? I'm in the covering phase of my Gentle Lady build and will possibly be ready to show her off at the meeting. I'm also getting ready to paint my newest 424 racer for this season. I have been struggling with an appropriate

paint scheme. Painting a model is something new for me and getting it right, sometimes is a challenge. Bring something to show off or that you might want to sell.

Call a buddy and go fly,

Vic

Old Business

New Business

Announcements

Monthly Presentation -- TBD

Adjourn until Apr 19 at the library

Auction & Show-N-Tell -- TBD

CAM Meeting Minutes

February 15, 2011
CAM Meeting Minutes

Vic called the meeting to order. The agenda was approved. Don Bourdon made a correction to the January Minutes. He noted Mike Kirby helped shovel stone on driveway before the start of the pylon race. No new membership applications were submitted.

The Treasurer, Don Bourdon, reported that the current balance is \$1116.58. Since the last meeting \$45 were deposited from the polar pylon race and \$200 in dues were collected.

Don Bourdon reported the current club membership as; Brett Springall, Larry Smith, Bliss Teague, Mike Kirby, Chris Roberts, Dave Groom, Seth Nagy, Ron Miller, Vic Welland, Don Bourdon, Doug Coffey, and Jason Starnes.

Ron Miller gave the Safety Report. He reported the older flat top tables have become a safety hazard. New tables will be built late winter work day.

During the field report it was decided we would have a work day at the field March 19, with a rain date of March 26. During this work day we will put down another load of stone, paint the bleachers, and do a general cleanup.

Sean McGarvey earned his solo certificate.

Old Business - Vic reported the polar pylon race went very well. Thanks to all who helped especially Mike Kirby for starting and the youth helper for flagging and timing.

New Business - The city of Lenoir asked if there was some way an RC event would be used to attract folks to the area for an event. Several ideas were kicked around.

The meeting ended with a reminder of the old-timer flying at Julian April 21.

The meeting was adjourned.

Respectfully submitted by Seth Nagy

A little humor from around the patch:

A blonde gets an opportunity to fly to a nearby country. She has never been on an airplane anywhere and was very excited and tense. As soon as she boarded the plane, a Boeing 747, she started jumping in excitement, running over seat to seat and starts shouting, "BOEING! BOEING!! BOEING!!! BO....."

She sort of forgets where she is; even the pilot in the cock-pit hears the noise. Annoyed by the goings on, the Pilot comes out and shouts "Be silent!"

There was pin-drop silence everywhere and everybody is looking at the blonde and the angry Pilot. She stared at the pilot in silence for a moment, concentrated really hard, and all of a sudden started shouting, "OEING! OEING! OEING! OE...."

Be safe - John
