**Field Marshall:** *Ron Miller*  
**Assistant Field Marshall:** **Volunteer?**  
**Intro Pilots:** *Seth Nagy, Vic Welland,*  
*& Ron Miller*  
**Webmaster:** *Chris Roberts*

### A Note From The President

Prez sez:

Please come to the meeting on Tuesday. Seems like a simple enough statement. I realize it can be a challenge to get to the meetings as much as anyone out there. Here is how I have benefited, I get to meet up with my flying buddies and talk about airplanes before the meeting. Then we talk about airplane stuff and where we fly and how to make it better, followed by talking about airplanes with my buddies. Sometimes we get to see cool stuff like last month's surprise hovercraft demo. So far our club has been a haven from political issues and other sources of woe. We talk about airplanes and have a good time. Please come to the meeting Tuesday.

Hopefully you have kept up to date on the Notice of Proposed Rulemaking (NPRM) from the FAA. It has been pushed back again possibly till February. The AMA website has the most current information on it's Government Relations page.

We have the opportunity to change the bums running the club this month. If you would

like to be one of them or want different ones please come to the meeting on Tuesday.

Vic

New Business

Announcements

Monthly Presentation -- TBD

Adjourn until December 20 at the library

Auction & Show-N-Tell -- TBD

## CAM Meeting Minutes

CAM Meeting Minutes  
October 18, 2011

Vic Welland called the meeting to order at 7:06 PM.

The meeting agenda was approved.  
The September minutes were approved as submitted.

**New member applications** – Mike McGarvey is to join the AMA.

**Treasurer's report** – The club balance is \$1,107.85. Checks were written for \$40 for mowing and \$13.25 for runway repairs.

**Safety report** – A sign with the club's 911 address is under construction.

**Field report** – Ideas were discussed for redoing the runway. One idea involves a 20' pad used for take offs; landings would be in the turf.

**Intro pilot report** – None.

**Old business:** The E-Fest was attended by 9 pilots from 3 different fields. A good time was had by all. The Soaring event is to be a joint project with the Wilkes club. Practice will be held at Wilkesboro and the event at CAM. Cam will fund the sanction for the contest. 6 Sig Riser kits have been ordered for CAM with 5 committed. If you are interested in the 6<sup>th</sup> kit, contact Vic.

**New business:** The idea of having a "learn to fly free" flying day was discussed. Also discussed was having an instructor's day once a month. The former would be to boost the membership and the later to improve the flying skills of the current membership.

Seth demonstrated a hovercraft he constructed from a block of foam and a

ducted fan motor. It was a very impressive display of a simple solution to a complex problem

Meeting was adjourned at 7:33 PM.

Next meeting will be Tuesday, November 15, 7:00 pm at the library.

I thought this might bring a bigger smile than my humor. John
