A Note From The President

Prez sez:

2012 will either be another great year for flying or the end of civilization as we know it. So to make sure we don't miss out on anything we might want to try to fly the great models we always wanted but never have. For me I am looking forward to finishing my Q40 and breaking the 200 mark at the rally. Lately I've also enjoyed flying the more gentle models of the glider family. Pretty extreme ends of the performance spectrum but both are enjoyably challenging. Building wise I'm well along with the Sig Riser or ODB event we will be holding jointly with the Wilkesboro guys. Both the Speed Rally and the Fun Soar are events that are important to our club but also ones that pilots outside of our club look forward to and enjoy. I think we are on to something.

Please bring evidence of you current projects to the next meeting! We all like seeing what each other are doing and learning how we are doing them.
