

AMA Charter #3470
August 2013

Club Information

President: *Vic Welland*
Vice President: *David Groom*
Treasurer: *Don Bourdon*
Secretary: *John Limbrunner*
Safety Officer: *John Limbrunner*
Field Marshal: *Mike McGarvey*
Assistant Field Marshal: *Pete Doll*
Intro Pilots: *Seth Nagy, Vic Welland,
& Ron Miller*
Webmaster: *Chris Roberts*

A Note From The President

We might need to change the name of August from the dog days of summer to the fish days. Our weather has been less than optimum for afternoon flying with all the storms. The good news is that the new runway seems to be holding up to the near biblical proportions of rain we have seen lately. Thanks again for all the hard work you guys put into it.

At our next meeting we will have some discussion about the swap meet and preparing the logistics of getting it set up and taken down.

Anyone working on an interesting project is encouraged to bring it in for show and tell.

Vic

Caldwell Aero Modelers Minutes

July 16, 2013

Don Bourdon welcomed everyone and conducted the meeting in President Vic Welland's absence.

The agenda was presented and approved.

Financial report: checking account is \$1063.50.

Membership report: Dennis Wilcox joined the club as a new member. His dues were prorated for 1/2 of the year.

Safety report: no report at this time.

Field report: grass needs to be cut and don donated a lawn boy mower.

Intro pilot report: none.

Old business:

Speed rally went well. Speeds were down, but it was still a great event and it was profitable. The event totaled \$194 for the club. Thanks to our Florida friend John Dalton for all his contributions of hats, mugs, and very cool building caddies. (If anyone is interested in a building caddy contact Art 754 5392. He is putting in an order for more caddies with John.) Big thanks to the McGarvey's for providing the concessions.

Grassing the old runway in Bermuda grass was discussed. Plans should be made to do this in May, 2014.

Moving the club checking account was discussed. Wells Fargo has a good deal on checking, \$500 minimum balance and no charge for the account with e-statements. Art

canvassed the local credit unions, but learned this is not an option. Motion was made to transfer the checking account to Wells Fargo and the motion passed.

Next meeting will be at the library. Art has video of the speed rally that we will watch.

It was reported that Dave Groom is doing well all things considered, but he still has a long recovery ahead. He is in physical therapy. Please keep Dave in your prayers.

National Aviation Day is August 17. The club voted to supply hotdogs and buns, members will supply extras - drinks, chips, dessert, paper products, etc. This will be an event for the club and anyone interested in aviation. The event will be from 10am to 1pm. Invite a friend and bring your family.

Next meeting will be August 20, 7pm at the Caldwell County Public Library.

The meeting concluded with a military air show. A KC-135 flew over the field while refueling a C-17. It was nice to see the full scale show. I took the attached picture with my smart-phone as the two planes flew by.
