### A Note From The President

November is here!

That means we have a few things to take care of. Not necessarily in order of importance but they all need attention. AMA and CAM dues as well as any SIGs you might be a member of. Here is the one I am most interested in, Club Officers are elected. So far nobody has been nominated for any of the positions. Please give thought to how you can help the club before the meeting Tuesday and come prepared to help us make a good decision.

We have some breaking news about the swap meet to discuss at the next meeting as well.

Vic

## CAM Meeting Minutes

CAM Meeting Minutes  
October 15, 2013

Vic called the meeting to order at 7 PM and welcomed all. He stated that the Fun Soar was excellent. A hawk attacked one of Vic's planes several times. Lee told Vic that he would like to do this event again and soon.

Agenda and minutes were approved.

**New member applications** – Tom Withem submitted his application and dues.

**Treasurer's report** – None.

**Safety report** – None.

**Field report** – It would be helpful if someone could bring a leaf blower and blow the rocks off of the runway. The new runway material appears to be much sturdier than the previous.

**Intro pilot report** – None.

**Old business** – AMA fees and club dues are becoming due.

A spreadsheet with names and phone numbers will be included periodically with the newsletter. If you want to exclude your name, contact the club secretary.

A workday will be scheduled in May to seed the old runway area with Zoysia.

Swap meet – jobs will be assigned at the next club meeting.

Dawn to dusk –a date will be established at the next club meeting.

**New business** – A vote approved the

amount of \$40 to be spent by Seth to provide the water department workers with apples.

A comment was made that some of the aircraft tables at the field are falling apart and some new ones for larger planes would be a good addition. Vic said he would contact Mike McGarvey.

**Monthly Presentation** – None.

Meeting was adjourned at 7:29.

### **Around The Patch.**

Truly superior pilots are those who use their superior judgment to avoid those situations where they might have to use their superior skills.
