Secretary: *John Limbrunner*

Safety Officer: *John Limbrunner*

Field Marshall: *Mike McGarvey*

Assistant Field Marshall: *Pete Doll*

Intro Pilots: *Seth Nagy, Vic Welland,
& Ron Miller*

Webmaster: *Chris Roberts*

A Note From The President

We are entering the fall flying season, historically my most active flying season. I don't know if it's because I don't have as many other things pulling my attention or I like the temperature better. One of the other things that come with fall for our club is officer nominations.

I have been serving as President for 3 years and am quite happy to pass the privilege on to another willing member. If you would like to assist the club in any responsibility please make it known. Meeting attendance for the next few months is pretty important if you **don't** want a job, we might vote you into office in absentia.

We will be discussing several upcoming events at the next meeting also. It seems there are more events popping up in our area this time of year as well. I have

mentioned several times how enjoyable going to other club's events has been, especially when done with club mates. Some of my most enjoyable modeling experiences have been at these events.

Bring something to show and tell. Last month was really nice with Art showing us the Speed Rally videos.

Vic

Monthly Presentation – TBD

Auction & Show-N-Tell -- TBD

Adjourn until October 15 at the airfield.

CAM Meeting Minutes

CAM Meeting Minutes
August 20, 2013

Vic Welland called the meeting to order at 7:07 PM and welcomed all.

New member applications – Terrell Goble (James Goble's Father).

Treasurer's report – Balance is \$957.30. Mowing expenses of \$80 and Internet of \$76.20.

Safety report – Vic pitched in with a reminder to wear protective clothing when modeling, especially shoes. X-acto knives when rolling off a table will predictably land point down. If you are not wearing substantial shoes you may end up with a trip to the emergency room. Please keep this in mind.

Field report – The County has been mowing. The mowing of the old runway was discussed to use for larger planes. Vic said there was no problem with that and that the club plans to plant Bermuda grass in this area for that purpose. Royce has some Round Up and plans to do some spraying.

Intro pilot report – None.

Old business – Vic has not been able to reach Bob Greene in order to confirm the date for the swap meet.

CAM T-shirts are a dead issue for now. Any money collected is in escrow.

The Fall Fun Soar will be Sept 28 from 9 to 3. 4 bungees but no winch will be available. Mike McGarvey will be in charge of the food.

New business – Officer nominations will be made at the Sept 17 meeting.

Monthly Presentation – Chris brought a kite that he made out of Tyvek. He makes them out of Tyvek first to validate the design and will then make one out of sail cloth. Chris brings his kites to the field on windy days and of course the wind then dissipates and he can fly his airplanes. Brilliant!

Royce brought a triangular shaped plane he made from blue board. It appeared to be very sturdy and well built.

Meeting was adjourned at 8:01.

Around The Patch.

A Navy Chief and an Air Force General were getting shaves in a barbershop. As the barbers were reaching for some after-shave to slap on their faces, the General shouts, "Hey, don't put that crap on me! My wife will think I've been in a whorehouse!" Whereupon the Chief turns to his barber and says, "Go ahead and put it on me, my wife doesn't know what the inside of a whorehouse smells like."

Muhammad Ali: Superman Don't need no seat belt.

Flight Attendant: Superman Don't need no airplane, either.

For years politicians have promised the Moon. I'm the first one to be able to deliver it.

— Richard Nixon, 1969.
