A Note From The President

I want to thank Chris and all the CAM officers for the great job in 2015. A club does not just run itself, but Chris made it look easy. We are all really blessed to be members of such a talented and generous group of guys.

The field has developed from a rough site, overgrown with trees, to a premium place to fly. I've flown RC planes in many places, but none are better than our current site. We are truly fortunate to have such a fantastic place to fly.

Looking ahead, I'm excited about the coming year. I think this is the first time the club has had a complete change in officers.

This is good and will bring new energy to the club.

I have had a lot of fun and good memories over the years with my fellow CAM buddies. I am looking forward to continuing that fun in 2016.

I'm sure many of you know Ben Proffit or at least heard about his recent plane crash. He was a member of the club and participated in some of the antics over the years. Several of us built a round foam plane called a Nutball. We had a pylon race, and Ben's mom, Jenna, captured it on video. Check it out at (<https://youtu.be/wNcyTp6Fro4>). We all had fun building, flying, and racing these planes. Well, almost everyone had fun.

Maybe we can do a club build in 2016. Either way, I'm looking forward to carrying on from where Chris took us as president.

I hope to see you at our next club meeting on January 19, 7:00pm, at the Caldwell County Library meeting room 2. Please bring your club dues to the meeting if you have not already paid for 2016. And please keep Ben in your prayers as he continues to recover from the recent accident.

-Seth
