December's Meeting Minutes

CAM December 20, 2020 Meeting Notes:

Terry filled in for Chris today and called the meeting to order at 1:59 p.m. 5 members present

November meeting minutes were read and accepted without modification/objection.

Guests/perspective new members:

None.

Field Report:

Field looks good. With the cool weather, the grass is not growing very fast. Some of the white tape is pulling up along the runway. Additional tape is in the storage building for potential replacements. Discussed possibility of using paint to make the center line more permanent. Discussion tabled for inclusion in potential Spring Work Day.

Safety Report:

Everyone is flying safely with no incidents to report.

Intro Pilot Report:

Nothing new to report.

Treasurer's Report:

All is well. No change to the checkbook balance of \$2,001.72. The club currently has 30 paid members. Dues for 2021 can be remitted at any time between now and the 1 Jan due date.

Old Business:

Reminder - FAA registrations for recreational flyers may be expiring for some folks. The earliest expiration date is 12 Dec 2020. To see if your registration is about to expire and/or to renew your FAA registration, visit FAADroneZone.faa.gov. Registrations are good for 3 years and costs \$5. Please be aware of FAA scam sites charging more than \$5.

Still planning on conducting a field day in the spring to repair/rebuild the starting tables. No date has been set.

Vic and Terry are still working on creating a new CAM sign for the front entrance.

Still planning on using Google Meet as a backup meeting solution in the event of

inclement weather over the winter months. Chris Roberts and Terry Gilliland will initiate a trial run with club officers to iron out any details.

New Business:

Terry briefed us on the upcoming CAM events (see under upcoming events).

Show and tell:

Ted Flemming brought in a very nice E-Flite EC-1500 twin motored cargo plane. The aircraft has operating flaps and a rear cargo bay door that can be opened in flight to dispense sky divers, candy, etc. Ted powered the plane with two 2S 5200Mah LiPO batteries joined in series. Ted maiden the plane for us and it flew very well. It has amazing short takeoff capabilities and while Ted didn't demonstrate on the maiden flight, he says it has full aerobatic capabilities.

Upcoming Events:

March 20, 2021 – TRIAD Aeromodelers, Swap Meet, Lexington, NC

April 24, 2021 – CAM Fly-In

May 22, 2021 – CAM All Electric Fly-in

June 12, 2021 – CAM Warbird Event

Sep 18, 2021 – CAM End of Year Fly-in

Meeting adjourned at 2:08 p.m.

NEXT MEETING INFO:

January 17th, starting at 2 PM

1200 Drag Strip Road

Hudson, NC,28638
