Field report, mowing is set up, for upcoming events.

Old business, the sign has been delayed, hopefully we have it soon.

New business, web site problems are being addressed.

Show and tell, Doug Gast brought a top flight P51 that he bought crashed

and parts for it for \$100. After rebuilding the fuselage, fiber glassing painting, and engine rebuilding he has a fine looking and now flight worthy

P51. We are looking forward to seeing a maiden flight soon!

Several members went to the Joe Nall event, and reported back that it was very impressive. We would encourage attending Joe Nall in the Fall if

you are able.

Our Electric Fly in will be held May 21st.

Other events this year "War-birds" June 18th.

End of year event September 24th.

Meeting adjourned at 2:17pm.
